WATCH THE FAST START TRAINING

www.trainingsite.biz These steps are reiterated there!

- Schedule a launch event** Every business has a grand opening! Immediately set a date for your grand opening at your home or business within your first 1-7 days of joining
- Show an “easy one” immediately and “score in 24!”** We want to help you get a WIN! An easy one is simply showing a best friend, roommate, parent, sister, cousin, etc. Who are your top 2 people that if you were “in a jam,” you would call and ask for help?

--	--

- Build an additional top 20 list** 10 closest friends and family (whether you think they'd like it or not), and 5 go-getters that you know well, and 5 social butterflies (well-connected people) that you know well

- Register for the next training event** Consistent growth and development and recharge is a huge key to success. Register at www.wveventreg.com or ask your sponsor for the next local training event registration link
- Familiarize yourself with these things on the Training site:**
 - The 5-step invite (how to get someone to take a look at the presentation)
 - The 3-step setup (what you say right before you share the idea with someone)
 - How to edify (how to introduce the “expert”)

Presentation
